Memphis Jewish Home Hires Morrison Senior Dining To Provide Dining Services and Catering

Cordova, TN, August 1, 2008 - Morrison Senior Dining begins working with Memphis Jewish Home and Rehabilitation Center to provide all its food service including dining services for residents and in the deli as well as catering services today. Morrison provides service to residents of 370 senior living communities nationwide, including 13 Kosher communities.

“We are very excited to be here and are looking at the opportunities to enhance the dining services of Memphis Jewish Home and Rehabilitation Center,” said Jason Harden, regional traveling manager for Morrison Senior Dining. Mr. Harden is overseeing the dining services transition at the Home.

The community can expect to see some changes in the Nosh-A-Rye Deli in the near future. Renovations to the deli, a new menu, and expanded take-out options are all in the works. The deli is open Monday through Friday from 11:00 A.M. to 1:30 P.M. The new Rosh Hashanah pick-up menu can be found in this week’s Hebrew Watchman.

“The Morrison folks have some wonderful ideas of ways to enhance the dining experience for our residents as well as the food services for the deli and catering,” said Mary Anna Kaplan, administrator for the Home. “We hope we can help to better satisfy the need for Kosher dining, take-out and catering services for the community with these new services.”

Morrison Management Specialists is a member of Compass Group, a world leading food and support services company. Morrison Management Specialists is the nation's only specialist dedicated exclusively to providing food, nutrition and dining services to the healthcare and senior living markets through its two operating divisions: Morrison Healthcare Food Services and Morrison Senior Dining. The Atlanta-based company's current client roster includes some of the largest and most prominent integrated healthcare systems, hospitals, and senior living communities in the United States.
